

TOOK OPINION
OF MINISTERS
SAYS WOMAN

Mrs. Quilhot Says She Did Not Investigate Charges Before She Married—Husband Was Praised.

PROMISED HE'D TAKE HER TO CALIFORNIA

Most of the Funds Alleged to Have Been Secured From Mrs. Quilhot Tied Up by Attorneys.

AKRON, O., Nov. 19.—"I will do anything in my power to put John H. Quilhot behind the bars," said Mrs. G. V. Geers, 234 W. Center st. "If it is necessary for me to go to South Bend to testify I will do so gladly," she said. "He did everything in his power to place me in the same position that he has Mrs. Miller, for whom I have a feeling of deep sorrow. He is cruel, inhuman and narrow and in his private life, is all he has been pictured. He nearly sent me to my grave and when I was on the verge of transferring to him large portions of my own real estate I was rescued just in time by friends who had heard rumors of his record in Michigan and Ohio cities."

Mrs. Geers was married to Quilhot in 1912. She claims Quilhot ruined her life, making her an outcast from the society she had known before her marriage to him. She bitterly condemned his actions preceding and following their marriage. Some \$20,000 held by her in real estate was sought by Quilhot but he secured but \$500. "Perhaps I will be his nemesis," she said today.

That it was because she accepted the word of a delegation of ministers apparently "duped" by their anti-vice enthusiasm, in place of making inquiries in her own behalf as John H. Quilhot's character was the reason that she married him so quickly, was the statement made Friday by Mrs. Marion Miller Quilhot.

According to the story told by Mrs. Quilhot, the delegation of ministers, leaders in the vice crusade being carried on by John H. Quilhot under their supervision, last winter, came to Mrs. Quilhot (then Mrs. Miller) and assured her that Quilhot was a fine man, of sterling character, and good principles.

The group was headed by Rev. C. A. Decker, pastor of the First Baptist church, and seconded by a Lansing minister, whose name Mrs. Quilhot said she could not remember. The members of the crusade composed the members of the "counsel" brigade.

Reputation Good. The Lansing minister told the woman who was to become Quilhot's wife in a few days that he had known the "vice investigator" before and knew his reputation to be of the highest.

Accusations and charges that were pouring in in vast numbers on Quilhot's head were explained as trumped up charges made by the liquor interests, who because of Quilhot's activity in South Bend against them, sought to get revenge.

Mrs. Quilhot said she was told that it was really a conspiracy on the part of the breweries to make Quilhot leave town. They were convinced, so Mrs. Quilhot says, that all of the charges hanging high over his head were false and that time alone would prove the vindication of their beliefs.

Furthermore they insisted that it would be unkind for the city administrator of South Bend to secure the services of a man whose reputation they did not know, and in whom the city officers did not have absolute confidence.

Therefore Mrs. Quilhot says she had every right to think well of the man she took for better or for worse, which together with his personal magnetism, and tender solicitations about her health and promises to take her to California where she could recover, led her to have in him absolute faith.

BABY HAD CHANGE
CLAIMS CORONER

CHICAGO, Nov. 19.—That the Bolinger baby who was permitted to die because it was malformed, could have been remedied of several of its afflictions, and that no one was capable of knowing whether the child would have been mentally defective, was the personal statement today of Coroner Peter M. Hoffman.

"From our investigation," said the coroner, "it seemed that nobody could have told whether the child would have developed into mental defective. The fact that the child had but one kidney was not fatal, necessarily. The deformed ear could have been improved. The rest of the body was practically normal."

Coroner Hoffman's commission of physicians is not expected to report before tomorrow.

PICKPOCKETS BUSY
IN MOVIE THEATERS

A report has been made to the police of pickpockets operating in moving picture theaters, W. W. Bennett, Marshall, Mich., declaring that he was relieved of \$13 while at the Auditorium theater Wednesday night.

According to Bennett he started to leave the theater about 9:30 o'clock. He says that two men stopped in front of him and two behind him, forming a sort of "jam," and that he believes the money was taken at that time. He did not miss it until he reached his room at the Lafayette hotel, where he was staying.

CHARITY WORKERS
ARE ON LAST LAP

Strong Effort is Being Made Today to Set Record For Collections.

With the total amount pledged \$12,051.31, and but two days in which to work to attain as near as possible the \$40,000 goal set out for Good Will week workers are extending every effort Friday to swell the present total to a mark which will add zest to the wind-up of the campaign in favor of associated charities of South Bend, Saturday night.

Thursday's work fell below that of the two previous days by several hundreds of dollars, but the inclement weather through which the workers toiled in an effort to make a substantial total, was the total amount, given as cause for the dropping off. Friday's atmospheric conditions were against a record amount, but optimism reigns in the headquarters of the workers in the Chamber of Commerce rooms.

Totals for the four days of effort are: Monday, \$2,111.43; Tuesday, \$3,506.91; Wednesday, \$3,872.57, and Thursday, \$2,560.40.

District 29 gave the record sum Thursday with a total report of \$330.60. There were seven teams scored above the \$100 mark. Reports from the districts follow:

First district, \$111.15; third, \$35; fourth, \$15; fifth, \$15.50; sixth, \$9.25; seventh, \$147; eighth, \$5; ninth, \$56.50; eleventh, \$13.35; 13th, \$73; 14th, \$31.25; 17th, \$50; 18th, \$13; 19th, \$49.75; 20th, \$180; 21st, \$68.25; 24th, \$51.65; 25th, \$147.65; 26th, \$20; 27th, \$115.50; 28th, \$34.75; 29th, \$330.60; 30th, \$115; 31st, \$7.25; Grand total, \$2,550.40. Grand total, \$12,051.31.

HOW FAST CAN A FORD
TRAVEL IS QUESTION

Twenty Miles an Hour Not Slow For Machine, Says Accused in Court.

Charles Irwin, a constable of North Liberty, was found guilty of exceeding the speed limit by Judge Warner in city court Friday morning and fined \$5 and costs. Immediately after judgment was pronounced an appeal was taken to the circuit court and the case will be retried there.

Motorcycle Officer Wesolek testified that he arrested Irwin about six blocks from the city limits on S. Michigan st., last Sunday after he had trailed the car which was traveling between 35 and 40 miles an hour. According to the testimony of Irwin and two companions the car did not travel over 20 miles an hour at any time during the chase. When Prov. Nye asked if that speed was not rather slow, Irwin replied:

"It isn't very slow for a Ford."

Before pronouncing judgment Judge Warner declared that he did not believe that Officer Wesolek arrested Irwin maliciously and that although there were three witnesses who denied his allegations, he would take his evidence as the basis for his decision. According to the judge, he would be doubting the veracity of the officer if Irwin was found not guilty, and he could see no reason why the officer would be inclined to either arrest Irwin or misrepresent circumstances.

Furthermore they insisted that it would be unkind for the city administrator of South Bend to secure the services of a man whose reputation they did not know, and in whom the city officers did not have absolute confidence.

Therefore Mrs. Quilhot says she had every right to think well of the man she took for better or for worse, which together with his personal magnetism, and tender solicitations about her health and promises to take her to California where she could recover, led her to have in him absolute faith.

LOCAL DELEGATES LEAVE

Delegates to the Y. M. C. A. convention at Huntington, Ind., with Gen. Sec'y J. Q. Ames and W. F. Nitsche of the local association, left this morning for a two days' stay in the Indiana city. This is a state gathering of Y. M. C. A. workers and members.

Albert MacDonald, Bernard Keltner, Richard White and William Grimm are the South Bend delegates.

BEGGAR PAYS HIS FINE

One Armed Man Comes Across With \$5 and Costs.

Charles O'Neill, the one-legged young man arrested Wednesday night for begging upon Michigan st., and who was found to be in possession of a liberal amount of cash and bank books showing deposits of \$500, was found guilty by Judge Warner in city court Friday morning and fined \$5 and costs. O'Neill paid his fine and left.

MESSAGE OF
WILSON IS UP
AT MEETING

President is Said to Have Declared His Intention of Reducing Message to Writing at Once.

STATE DEPARTMENT GETS PLOT EVIDENCE

Neutrality Violations Are Brought Before Body. Members Refuse to Discuss Session.

WASHINGTON, Nov. 19.—President Wilson today outlined to his cabinet his first message to the next congress, which he will deliver in person on December 7.

After an extended discussion the president is said to have declared his intention of reducing the message to writing at once. It was thought likely he will have it completed by next Monday and that it will be taken up again by the cabinet next Tuesday.

The neutrality violations on which the department of justice has been working was again brought up at the meeting. Attorney General Gregory gave a more detailed account of the information that his agents have unearthed. Special reference was made to the disclosures of Dr. Josef Gorikar, the former Austrian consul.

In this connection it was learned that the department of justice this afternoon turned over to the state department all of the evidence it has obtained against consuls of foreign governments. No statement could be obtained from state department officials as to probable action. It was believed, however, that if the evidence is found to be conclusive that the exequaturs of all consuls implicated will be cancelled immediately.

None of the cabinet members would discuss the meeting when they left the white house. Secretaries McAdoo and Redfield remained with the president for some time after the meeting adjourned. They were thought to have taken up special departmental matters.

Despite complete realization that opposition may defeat the prepared legislation planned by the administration, house advocates of the new army and navy plans admitted today that they had little hopes of dislodging Claude Kitchin as leader. They believe the white house for this condition of affairs because the president, through Secretary Tumulty, has left it be known that he does not want a fight made upon Kitchin at this time.

The advocates of the military and naval programs, however, are counting noses to see whether they can crystallize the now disconnected opposition into a solid movement. With that object in view they have been looking over the available candidates. The popular choice lies between P. J. Garrett, of Tennessee, and Henry T. Rainey, of Illinois. Garrett is every popular, is one of the ablest men in the house and a brilliant parliamentarian. When Underwood left the house he was a candidate for leader, but withdrew in the interest of harmony when Kitchin insisted on his seniority.

AUTOIST MEETS DEATH

Crashes Into Train at Railroad Crossing at Hammond.

HAMMOND, Ind., Nov. 19.—Going at a high rate of speed in a five passenger automobile bearing the Illinois license 83,858, an unidentified man crashed into an east bound Michigan Central flyer at the Kennedy av. crossing east of the city today and was instantly killed. The victim was about 60 years old.

CHICAGO, Nov. 19.—Records of the secretary of state shows that license 83,858 was issued to E. G. Haft of Chicago.

RETURNS SUICIDE VERDICT

Coroner's Jury Reports on Death of August Weeghman.

CHICAGO, Nov. 19.—A verdict of death by suicide was returned today by a coroner's jury in the case of August Weeghman, father of Charles Weeghman, the Chicago Federal Reserve bank cashier who was found dead in his home yesterday, his throat cut with a razor.

CHICAGO, Nov. 19.—A verdict of death by suicide was returned today by a coroner's jury in the case of August Weeghman, father of Charles Weeghman, the Chicago Federal Reserve bank cashier who was found dead in his home yesterday, his throat cut with a razor.

FUNDS NOT AVAILABLE
FOR ARMOUR FACTORY

WASHINGTON, Nov. 19.—The plan of Sec'y of the Navy Daniels to erect an armor plate factory at once, using the \$4,000,000 appropriated for that purpose by congress on June 7, 1909, received a setback today when comptroller of the treasury Warwick handed down a ruling that the money is not available.

The act of congress, he pointed out, appropriated the money "if the armor plate could not be purchased in the open market." Armor plate was purchased at that time and the appropriation has passed, according to Warwick's ruling.

NINETEEN PERSONS
EXECUTED IN UTAH.

Joseph Hillstrom was the nineteenth person to meet the death penalty in Utah and the fifteenth to choose shooting instead of hanging. Of the four who chose hanging two were Indians. The third declared he wanted to be hanged "to give the state as much trouble as possible." The first two executions in Utah were those of two Indians hanged in 1855. The first man to be legally shot was William Cockroft in 1861. A woman has never been convicted of murder in Utah.

Five men formed the firing squad. Each received \$40 in gold for his work. Four of the guns were loaded with ball cartridges. The fifth contained a blank. The guns were loaded by one man, another mixed them up, and a third placed them upon the racks from which the individual members of the firing squad chose them. All of the squad were expert riflemen. Four bullets pierced the target over Hillstrom's heart. No one will know who fired the blank cartridge, and each of the five executioners may believe that he had nothing to do with Hillstrom's death.

NEW YORK STRUCK
BY EASTERN GALE

Wind Travels 68 Miles an Hour. Pennsylvania Town Is Damaged.

NEW YORK, Nov. 19.—A gale with a record east wind struck New York today, causing death and destruction. The wind blew 68 miles an hour, the previous record for wind from the east being 52 miles. A school girl in Brooklyn, blinded by the rain which was blown into her face, was run over by a street car and killed. Many women and men were hurt. In down town New York where the buildings are high and the wind reaches its greatest force in the narrow streets, many persons were blown from their feet.

The steamship Corozal of the New York and Porto Rico Steamship Co. was blown from her moorings and collided with the Greek freighter, Andreas.

The air was thick with fog and rain and traffic in the harbor and rivers was at a standstill.

A second death occurred when Antonio Gianolio was blown from a scaffold at the Victoria theater.

UNIONTOWN, Pa., Nov. 19.—A complete gale swept Fayette county four hours early today, demolishing buildings, tearing down telephone, telegraph and electric lighting wires, and causing \$100,000 damage. Reports from the country districts are meager, but those filtering into the county seat indicate that the storm was even more severe in the country than on the life.

No loss of life has been reported thus far. Railroad and street car transportation is slow. Train crews are compelled to remove fallen trees and wreckage from the tracks. Practically every sign of life in the 20 miles of track of the West Pennsylvania railways company was destroyed.

BATTLE ON IN ALSACE

Fighting is Resumed After Lull of Several Weeks.

PARIS, Nov. 19.—Fighting has been resumed in Alsace after a lull of several weeks. This is set forth in today's war office communique, which follows:

"In Alsace on the plateau of Uffholtz and at Hartmannswillerkopf the night saw a very sharp battle with artillery and trench guns, accompanied by the throwing of grenades. On the rest of the front the night was uneventful."

"Eight enemy aeroplanes attempted yesterday to fly over Lunerville. On being pursued five of them turned back. The others threw on the town a few bombs that injured three persons. The material damage was unimportant."

FAVORS WOMEN'S VOTES

Gov. Whitman of New York Signs Suffrage Petition.

ALBANY, N. Y., Nov. 19.—Gov. Whitman today at the request of the suffragists, signed a petition to congress requesting that body to enact a federal law providing for equal suffrage.

The governor received a delegation of suffrage envoys consisting of Mrs. Sara Bardfield of Portland, Ore., Miss Mark Kinderg and Miss Ingensborg of Rhode Island.

They left San Francisco Sept. 26, with a petition signed by 500,000 persons and the petition has received thousands of other signatures all along the route.

Suit Filed Here Will Serve
As Test of State Wage Law

Suit which will test the constitutionality of an employers and employee wage law passed at the last session of the legislature, was filed in circuit court today. The case is one in which Steven Sipetz is bringing suit against the Birdsall Mfg. Co., to recover wages he alleged to be due him and which he charges is unpaid.

Sipetz charges that he went to work for the Birdsall Mfg. Co. on Aug. 16, working until Sept. 1, when he was discharged. He applied for his money but, he charges, found that it had been paid into the hands of a third party, in payment of a board bill, judgment for which had been returned against him in a justice court. The ruling of the justice court did not involve a garnishee proceeding.

MURDERER IS
EXECUTED BY
FIRING SQUAD

Joseph Hillstrom Sent to Death Despite Two Requests From President That Case Be Reconsidered.

NEW PLEA FAILS TO MOVE PARDON BOARD

Telegram Arrives Early Friday Morning Protesting Poet's Innocence—Five Expert Shots Are Executors.

SALT LAKE CITY, Utah, Nov. 19.—Joseph Hillstrom, poet and philosopher, was shot to death by a firing squad today. He paid the penalty for the murder of J. G. Morrison, a grocer, and his son on Jan. 19, 1914, at about 7:41 mountain time.

To request from Pres. Wilson that Hillstrom's case be reconsidered was refused by Gov. Spry. Thousands of letters and telegrams begging for executive clemency were unheeded today, that he be not blindfolded when he faced the five guns of the firing squad, was denied.

A hastily called session of the pardon board this morning considered a telegram from Seattle, Wash., stating that a man named Dusky, had made an affidavit that he was with Hillstrom on the night of Jan. 19, 1914, and that Hillstrom was innocent of the double murder. The board decided the telegram was merely an attempt to delay the shooting of the condemned man.

Hillstrom innocent. Hillstrom was to have been executed at 7 o'clock, but early today, many hours after Gov. Spry refused Pres. Wilson's request to grant Hillstrom a reprieve, the state executive received a telegram from Seattle signed Dusky, the son of which said he was with Hillstrom on the night when Morrison was murdered and declared that Hillstrom was innocent.

Gov. Spry immediately summoned the board of pardons and it went into session to decide whether the eleventh hour evidence was sufficient to grant another reprieve.

In the meantime, Hillstrom, in ignorance of the new plea, showed no sign of breaking down. He went into the cell at 6:30 a. m., a breakfast consisting of ham and eggs, buttered toast and coffee was sent into the prisoner and he ate heartily. He then requested that he be given some English wafers.

After breakfast Hillstrom sent through a member of the death watch a request that he should not be blindfolded when he was shot but this request was denied.

VENICE IS RAIDED AGAIN

Much Damage Is Done, Says Report From Vienna.

VIENNA, (Via Berlin and Amsterdam) Nov. 19.—Austrian aviators have executed another successful attack on Venice and the Italian forts at San Nicolo and Albion. It was officially announced here today that hydroplanes from the Adriatic had dropped bombs upon the arsenal, aerodrome, gas tanks, railway station and barracks.

The Venetian barracks were struck by several bombs before the hydroplanes retired under heavy fire. All returned safely, it is stated.

FAMOUS CHIEF IS DYING

Chief Ogallala Fire Took Part in Custer's Last Fight.

CHICAGO, Nov. 19.—Chief Ogallala Fire, 87 years old, who took part in Custer's last fight, is dying in the home of Chief Little Bear, his friend. Chief Ogallala Fire has been featured in nearly every big circus in the United States. His face is also familiar to moving picture fans.

Both Chief Ogallala Fire and Chief Little Bear appeared in South Bend in the movies. These two took a prominent part in "Custer's Last Stand," which was given in the old National moving picture show at ayne and Michigan sts. in 1913.

IS ACQUITTED. PETERSBURG, Ind., Nov. 19.—Warwick Coleman, who has been on trial here charged with complicity in an attempt to burn the Dedman drug store at Winslow was acquitted by a jury last night after a deliberation of five hours.

WASHINGTON, Nov. 19.—The German steamer Walkure, captured by the French fleet shortly after the outbreak of the war, and renamed the "Republie," has been purchased from the French government by John H. Cooper of San Francisco, and will be admitted to American registry.

CAPTURED VESSEL IS
SOLD TO AMERICAN

Acting Sec'y of Commerce Edwin F. Sweet today announced the sale and transfer of the vessel which after being seized by the French fleet as a prize of war, was taken into the harbor of Papeete, Tahiti Islands. Subsequently the German raider Emden invaded Papeete harbor in what proved a futile attempt to recapture the ship. To thwart this the Republic was sunk. She will be raised at once.

COLONEL NOT GOING
TO EUROPE TO FIGHT

NEW YORK, Nov. 19.—Col. Theodore Roosevelt is not going to Europe to fight for the allies. His secretary, John McGrath, issued the following statement relative to the report from Canada that the ex-president has been offered the command of a Canadian regiment:

"There is absolutely no truth in reports that the colonel may leave this country to fight for a foreign power. The report is absurd, ridiculous. Col. Roosevelt will not go to Europe to fight."

ITALIAN ATTACK
MAY SAVE SERBS

Half a Million Men Are to be Sent Against Austrian Line.

ROME, Nov. 19.—The importance of the successful Italian operations northwest of Gorizia is emphasized in late official dispatches. The great battle at Gorizia, where the Italians are trying to capture the city and break the Austrian front on the Isonzo river, continues with great fierceness. It is reported unofficially that the Italians are to employ 500,000 men in a new effort to smash the Austrian line and relieve the pressure in Serbia. It is believed that if the Italians are successful, the Austrians will have to withdraw heavy forces from Serbia and Germany will have to take troops from either the eastern or western front to fill up the gaps.

The following official report was issued by the Italian war office:

"The importance of our offensive operations in the Aqua valley and on the heights northwest of Gorizia is emphasized by the latest reports from the front. Ascertaining the presence of numerous enemy trenches and entanglements on the heights our troops commenced a methodical attack, engaging some divisions of the enemy on the front whilst others ascended the sides of the valley with the intention of surrounding the advanced positions of the enemy. Supported by artillery our infantry attacks lasted from the 13th to the 17th. When our divisions met at the head of the valley. Only a few of the enemy succeeded in escaping."

A majority of our adversaries remained on the ground and fell in the fighting. The field was covered with dead. In one trench we found the bodies of 303 men, including 20 officers. We also found 300 rifles and a great quantity of ammunition.

"Throughout yesterday there were intense artillery actions. The artillery of the enemy was particularly active in the Gorizia zone. Columns of troops were observed leaving Gorizia, crossing the Isonzo bridge and ascending Sabotina and Podgora heights to reinforce the soldiers in the defenses there."

"Our aviators have located Austrian batteries on the heights dominating Gorizia on the eastern side."

VENICE IS RAIDED AGAIN

Much Damage Is Done, Says Report From Vienna.

VIENNA, (Via Berlin and Amsterdam) Nov. 19.—Austrian aviators have executed another successful attack on Venice and the Italian forts at San Nicolo and Albion. It was officially announced here today that hydroplanes from the Adriatic had dropped bombs upon the arsenal, aerodrome, gas tanks, railway station and barracks.

The Venetian barracks were struck by several bombs before the hydroplanes retired under heavy fire. All returned safely, it is stated.

TEUTONS IN
CONTROL OF
OLD SERBIA

Serb Government Said to Have Fled to Prizrend Near the Albanian Border, In Berlin Dispatch.

MONASTIR OCCUPIED BY BULGARIAN FORCES

Allies Demand That Greece Demobilize—Graeco-Bulgarian Pact Said to be in the Making.

BERLIN, (Via Amsterdam) Nov. 19.—Conquest of Old Serbia by the Austro-German and Bulgarian troops is complete, it was announced here today. The Serb government is said to have fled to Prizrend, near the Albanian border.

LONDON, Nov. 19.—Among the developments in the Balkan situation today these stood out:

1.—Reported capture of Raskha, Serbia by Austro-German troops thus completing total occupation of Old Serbia by the Teutons.

2.—Fall of Monastir into the hands of the Bulgarians as unofficially reported from S. Ionika.

3.—Fresh threats to Greece by allies and demands by entente powers that Greece demobilize.

4.—Claims made in Berlin that a Graeco-Bulgarian pact is being negotiated.

The report of the fall of Raskha was published in German newspapers and telegraphed to London by way of Rome, Switzerland.

The dispatch added that the Serbians were falling back upon Prizrend, and that the Germans were marching upon Novibazar whose forts command the roads leading into Montenegro.

Rushka is 30 miles south of Kraljevo and 65 miles west of Nish.

More light upon the coercive measures planned against Greece by the allies is contained in the following Rome dispatch:

Information has been received to the effect that the allies have demanded that Greece demobilize. Permission to divulge the coercive measures to be adopted in case Greece refuses to comply are withheld, but it is known that one of the steps that will be taken will be Italian occupation of the most important Hellenic islands.

It is said that all the demands that are now made upon Greece are signed by representatives of England, France, Russia and Italy.

The report from Berlin that a Graeco-Bulgarian agreement is only a matter of time has increased the anxiety already felt here.

The crises for the remnants of the Serb army in the hands of the Teutonic allies are continuing their successful offensive throughout Serbia. Only in the extreme southern part, only a few miles from the Greek border, have the French and English succeeded in stemming the Bulgarian advance.

BERLIN, Nov. 19.—The German war office in an official report issued today announced the capture of 5,000 more Serbians.

Artillery duels were reported from the Aronne district and the Vosges in the western theater of war.

A German air raid was made against British cantonments near Poperinghe, Belgium.

The text of the official report follows:

"Balkan theater.—During the pursuit of the Serbians yesterday 5,000 more prisoners were taken.

"Western theater.—In and near the Aronne forest and in the Vosges there were artillery duels. A German air fleet attacked the English camp west of Poperinghe."

ALLIES GAINING
AT DARDANELLES

CONSTANTINOPLE, (Via Berlin and Amsterdam) Nov. 19.—Fierce attacks by allied troops on Gallipoli peninsula following a bombardment by the Anglo-French land and sea guns forced back the left center of the Turkish defenders, the war offices admitted today. It is understood here that Lord Kitchener is now with the allied troops at the Dardanelles, and that the assault resulting in their making a gain was executed by his direction.

The war office issued the following statement:

"Near Anafarta and Sed-ul-B
